

# **TAIEX Workshop on Cybersecurity**

**Organised in co-operation with**  
the Federal Telecommunications Institute (IFT)

**Funded by the Partnership Instrument**

## **Venue:**

Federal Telecommunications Institute  
Insurgentes Sur 1143  
Benito Juárez, Col. Nochebuena  
**Mexico City**

**11 – 13 September 2017**

## **Partner country:**

Mexico

### **Aim of the workshop:**

The aim is to exchange knowledge about cybersecurity regulation and policy, including: best practices to assure the network security and privacy of end users through regulations/policy, measures, strategies or techniques; the status of initiatives/measures taken to ensure security in devices intended to connect to the Internet, particularly IoT devices; best practices adopted by regulators to inform end users about cybersecurity risks; experience with the implementation of a national cybersecurity strategy; next steps regarding cybersecurity regulation/policy.

### **Experts:**

- **Mr David Cantón Araujo**  
Specialist at the Operations Office  
INCIBE, Spain
- **Mr Juhani Eronen**  
Chief Specialist  
FICORA, Finland
- **Mr Mark Sayers**  
Deputy Director, Cyber and Government Security  
Cabinet Office, United Kingdom
- **Mr Loudovikos Marinos**  
Security Expert  
EU Agency for Network and Information Security (ENISA)  
(via videoconference)
- **Mr Charles Brookson**  
Director, Zeata Security Ltd.  
on behalf of the European Telecommunications Standards Institute (ETSI)  
(via videoconference)

## Day 1: Monday 11 September 2017

09:00	<p>Opening and introduction</p> <ul style="list-style-type: none"> <li>• <b>Ms Immaculada Roca i Cortés</b>, Deputy Head of EU Delegation to Mexico</li> <li>• <b>Mr. Juan Carlos Hernández Wocker</b> Head of the International Bureau, IFT</li> </ul>
09:30	<p>Current status, legal framework in Mexico regarding cybersecurity and the Federal Telecommunications Institute (IFT &amp; other Mexican agencies)</p> <ul style="list-style-type: none"> <li>• <b>Mr Ernesto Ibarra Sánchez</b>, Deputy Director-General for Legal Affairs, National Digital Strategy</li> <li>• <b>Mr Marcos Rosales</b>, Head of the Cybernetic Research and Technological Operations Unit, Office of the General Prosecutor</li> <li>• <b>Ms Nimbe Ewald</b>, General Director of Technical Regulation, IFT</li> <li>• <b>Mr Jesús Coquis</b>, Director of User Regulation, IFT</li> </ul>
10:45	Break and networking
11:00	<p>Implementing a national cybersecurity strategy – actors &amp; roles, lessons learnt, challenges ahead; role of the regulator</p> <ul style="list-style-type: none"> <li>• <b>Mr David Cantón Araujo</b>, INCIBE, Spain</li> <li>• <b>Mr Juhani Eronen</b>, FICORA, Finland</li> </ul>
12:30	Lunch
14:00	<p>Implementing a national cybersecurity strategy – actors &amp; roles, lessons learnt, challenges ahead; role of the regulator.</p> <ul style="list-style-type: none"> <li>• <b>Mr Mark Sayers</b>, United Kingdom</li> </ul>
14:45	Q&A
15:15	Break
15:30	<p>Regulatory/public policy to assure network/infrastructure security as well as privacy of end users of such networks (emphasising technical aspects, e.g. network management)</p> <ul style="list-style-type: none"> <li>• <b>Mr David Cantón Araujo</b>, INCIBE, Spain</li> </ul>
16:15	Q&A
16:30	Wrap-up
16:45	End of the first day

## Day 2: Tuesday 12 September 2017

09:00	Welcome
09:15	<p>Perspective of ETSI (European Telecommunications Standards Institute) - Initiatives/measures taken (or to be taken) to ensure security in devices intended to connect to the Internet, particularly IoT devices (e.g. technical specifications in standards/technical regulations)</p> <ul style="list-style-type: none"> <li>• <b>Mr Charles Brookson</b>, ETSI (<i>via video-conference</i>)</li> </ul>
10:00	<p>Regulatory/public policy to assure network/infrastructure security as well as privacy of end users of such networks (emphasizing technical aspects, e.g. network management)</p> <ul style="list-style-type: none"> <li>• <b>Mr Juhani Eronen</b>, FICORA, Finland</li> </ul>
10:45	Break
11:00	<p>Regulatory/public policy to assure network/infrastructure security as well as privacy of end users of such networks (emphasizing technical aspects, e.g. network management)</p> <ul style="list-style-type: none"> <li>• <b>Mr Mark Sayers</b>, United Kingdom</li> </ul>
11:45	Q&A
12:30	Lunch
14:00	<p>Initiatives/measures taken (or to be taken) to ensure security in devices intended to connect to the Internet, particularly IoT devices (e.g. technical specifications in standards/technical regulations)</p> <ul style="list-style-type: none"> <li>• <b>Mr Mark Sayers</b>, United Kingdom</li> <li>• <b>Mr David Cantón Araujo</b>, INCIBE, Spain</li> </ul>
15:00	Break
15:15	<p>Initiatives/measures taken (or to be taken) to ensure security in devices intended to connect to the Internet, particularly IoT devices (e.g. technical specifications in standards/technical regulations)</p> <ul style="list-style-type: none"> <li>• <b>Mr Juhani Eronen</b>, FICORA, Finland</li> </ul>
15:45	Q&A
16:30	Wrap-up
16:45	End of the second day

## Day 3: Wednesday 13 September 2017

09:00	Welcome
09:15	Recommendations, policy development and its implementation on cybersecurity - IoT, Smart and Critical Infrastructures - Cybersecurity standards and certification - Threat and Risk Management (users) <ul style="list-style-type: none"><li>• <b>Mr Loudovikos Marinos</b>, ENISA (<i>via video-conference</i>)</li></ul>
10:00	Panel on best practices to inform end users about cybersecurity risks (e.g. in networks, devices): focus on data protection and network risks <i>All EU MS speakers</i>
11:00	Break
11:15	Panel on best practices to inform end users about cybersecurity risks (e.g. in networks, devices): focus on education in cybersecurity, mechanisms of information and materials for users <i>All EU MS speakers</i>
12:30	Lunch
14:00	Panel on future cyber threats & the role of the regulator <i>All EU MS speakers</i>
15:00	Q&A
16:30	Wrap-up, conclusions
16:45	End of the mission

This meeting is being organised by the  
***Technical Assistance Information Exchange Instrument  
of the European Commission***  
with funding from the Partnership Instrument
